Subject: Rudolph Giuliani, criminal: “Why Aren’t You in JAIL, Mr. Mayor?”

Dear Readers of *A Nation Gone Blind*, Other Recipients, Writers, Thinkers, Patriots, Friends:

Well, nothing is happening, is it. That is, nothing good. The Democrats are spineless, corporate-serving patsies; the Rove-republic is losing its Jerry Falwell base—but what’s replacing it? Yup, the likes of Giuliani. As you know, or will soon, Giuliani, while he may claim “liberalism” on abortion and such, is foremost a traitor and mass murderer who ought by any true justice be—well, as <http://video.google.com/videoplay?docid=-7190733348776830380&q=webster+tarpley+irvine> Webster Tarpley puts it, in jail. For keeps, one would add.

And yet, nothing is happening. Pelosi lies, Giuliani lies, *The New York Times* lies, the U.S. legislature and the establishment media defend their treasonous, heinous, inhuman, mass-murdering, criminal “bosses” to the death. If nothing changes, it’ll be a defense to the death of the republic, too—if it hasn’t been already.

I labor on, naming names and demonstrating lies and hypocrisy in the vain hope that SHAME may turn at least some figures around to embrace truth over lies in a way that can at least BEGIN helping rein in the lying looters and murderers who now call themselves our leaders. They are, in fact, all of them, those “leaders,” our enemies. They have declared war on the American people. Why is it, why, why is it that we don’t declare war on them in return? If you read <http://www.ericlarsen.net/foodforthought9.7.1.2007.html> FFT9.7 and all its links, you’ll read Donna J. Thorne asking that same question—and <http://www.globalresearch.ca/index.php?context=viewArticle&code=THO20070421&articleId=5454> trying to answer it. Paul Craig Roberts, too http://www.vdare.com/roberts/060207_epiphany.htm , as well as the ever-courageous and impassioned—and correct—Manuel Valenzuela <http://www.informationclearinghouse.info/article17669.htm> .

People are TRYING. People are WRITING. People are PLEADING. And still it’s as though, overall, we’re a nation gone blind, seeing nothing, doing nothing.

Maybe it IS true—that internet solidarity has nothing to do with solidarity that can put feet on the ground. True that talk is cheap, action dear. And maybe true that the dying animal of the American people is just too near death ever to be revived.

But don’t give up. Never give up. I’ll never give up.

And give this other matter a very, very, very serious consideration: Seriously consider reading Paul Levy’s book, “The Madness of George W. Bush.” You can find out about it on Paul’s website, <http://www.awakeninthedream.com/indexx.html> , where you can also find some of the great articles I myself have lately read—like “Homeland Insecurity” and “The War on Consciousness.”

I hope to say more soon about “The Madness of George W. Bush.” Meanwhile, try it out yourself—and then send copies to each and every one of your legislators and representatives. After all, as you’ll learn from Paul Levy, they’re all, to a one, clinically insane, suffering from “malignant egophrenia.”

Find out about it—and then work for the cure! According to Levy—and he may very well convince you, too—there’s actually a way to defeat the lying devils, oppressors, and vandal-thug “leaders.”

I’ll talk with you later about plans and activities.

For the moment, in times desperate with madness, rapine, and craven inhumanity
in every surrounding chamber of power,

I wish you the very best I'm capable of wishing.
